variant **Can-Am Commander™**

RP Strike-C with MOLLE Roof and Apache 360 Track System

tracks in less than 20 minutes using the Apache 360 Mounting Kit.

Apache 360 LT Track System

The Apache 360 LT Track system possesses a new track design and rubber for more traction in snow or any other type of ground surface. Apache 360 also offers the biggest contact patch, highest ground clearance and lowest steering effort. The system converts from tires to

Hard Cab Enclosure System

The Hard Cab system provides protection from the elements and affords year-round mobility without sacrificing effectiveness. Cab comes with wipers, soft doors, hard glass windshield and optional defroster. Enclosures are made from tough fabrics, steel and fiberglass so you can rest assured that your machine can take on whatever comes your way. Soft doors are removable and roof vent with rear sliding glass provides ample airflow in warmer climes. Available for Strike-C only.
