

RP *Portable Power Bank*

Portable Lithium Battery Jump Starter/Power Bank & LED Flashlight!

Essential Power for Critical Situations!

- Portable Power Bank
- Battery Jump Starter
- Bright LED Flashlight
- Rechargeable High Capacity Lithium Battery
- Compact and Lightweight
- Battery Status LEDs
- Dual USB Charging
- Multi-Illumination
- DC & AC Power
- TAA Compliant
- Meets UN Standard 49CFR 175.10(a)(18)

12V | Battery Jump Starter

Capable of jump starting your battery up to 20 times on a full charge! It's compact and convenient to keep with you at all times for emergency use. Never call a tow truck service or wait on the side of the road helpless ever again. Comes with its own jumper cables, that are easy to use to jump start multiple types of vehicles. With the Switching Wall Charger and adapters, you can plug into and charge the RP Power Bank in most electrical outlets World Wide.

24V | Emergency Jump Starter

The only commercial use portable 24V jump starter. It has sufficient amp power to jump start a 24V city transit bus equipped with two group 8D batteries running 1,300 CCA or a Humvee. It's easy to use, simply connect the Convoy battery cables to the vehicle battery and start the vehicle in seconds. Ideal for department of transportation, construction and military vehicle use.

WARNING: DO NOT USE THIS TO JUMP START YOUR 12V VEHICLE, IT CAN SERIOUSLY DAMAGE THE VEHICLE. THIS IS FOR 24V VEHICLE USE ONLY! RP ADVANCED MOBILE SYSTEM WILL NOT BE LIABLE FOR ANY MISUSE OF THIS PRODUCT BY THE USER.

Portable Power Banks

Most modern CVT drive all-terrain vehicles share a common problem when they lose battery power; they cannot be bump or push started. This leaves the occupants either stranded or excessively exposed until an assisted jump start can be acquired. The RP Portable Power Bank Kit is a small portable (light man-packable) jump start system that can repetitively allow the vehicle starter to cycle. It's compact size provides on the go DC power to charge portable devices, such as smartphones, tablets, cameras, camcorders, GPS unit, MP3 players, wireless headphones, and portable comms using COTS connectivity.

Emergency LED Flashlights That are Convenient For All Purposes!

Perfect for all outdoor activities, built with a durable plastic shell and shock absorbing rubber cover these power banks are ready to take on the great outdoors! The LED Flashlight can put out 86 lumens of light power up to 300 feet for unmatched illumination. Easy to use with multiple illumination modes, flashlight, strobe light; and SOS emergency light and flash. The SOS emergency light is capable of lasting up to 160 hours and the SOS flash can last up to 120 hours on a full charge! Making the difference in saving your life!
